Among a few Resident Evil games I need to start, I will be checking out the horror genre of anime this October. Here's a few on my list already:

Mononoke

Hell Girl

Vampire Hunter D

Shiki

Will you be watching horror anime as well?

Has to be a watch of Higurashi When They Cry. Probably the best horror anime of all time.

Omg, I totally forgot about that series.

They have Gou and a sequel out right now. I'm halfway through Gou and have watched the first two seasons way back. Gotta catch up!
