Thread: [SELL YOUR SERVICE FOR \\$5000 | Cold Email Service | SELL TO REAL BUSINESSES](#)

Saitama - September 30, 2021, 8:06 am

Want to sell your services for \$2.5k+ without extra work?

Got a service like SEO, Fb ads, etc., that can solve problems real businesses have?

I can find businesses in need of your services, contact them, and set up a deal for you.

Pay one time. (No recurring fee. No retainer.) Just cover the setup fee. I'll generate leads and work your leads for you. And only pay me if people show up.

What I provide:

Email Setup

Email Warmup

Battle-tested scripts

Tested price points and offers to swipe and deploy

And everything else you need to sell and fulfill your customers. I'll give you the entire playbook for your industry, absolutely free.

In a nutshell, I'm feeding people into your business, showing you exactly how to sell them so that you can get the highest prices, which means that you make the most money possible.

No spamming people. I will be using legit services to land in the inbox every time the prospect sees the msg.

Some results from my recent campaigns, had a meeting book rate of 2-3%
