Nah more like since IG added the stories feature, SC looks like a downgrade to the stoneage lol. Especially that i fucking hate doing streaks.

I rarely use Snapchat too. One of my least favorite social media apps actually. In fact, the only reason I have it at the moment is because I reinstalled it for university people last year. Lmao I knew that picture was coming.

And yeah I was surprised to see you take a day to open snaps sometimes after you complain to me 24/7 about taking 10 years to open anything of yours. So I believe you ?

(Oct 1, 2021 05:51 AM)flavoral Wrote: [\[CITE\]](#) Nah more like since IG added the stories feature, SC looks like a downgrade to the stoneage lol. Especially that i fugging hate doing streaks.

Nah Snapchat is far superior to IG stories hands down. SC is primarily made for that, IG is made for a whole SM platform. I just think one does it better than the other and that's SC.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
