? READ WELL TO THE END BECAUSE A SURPRISE AWAITS YOU ?

Of all the trashy salesmen on this forum, trust me this one is one of the worst. I'll try to keep it short, as I'm already exhausted from dealing with such a jerk.

First of all, I used Regulus as my middleman for the sale of his instagram bot.

Important story information: I was clear about what I wanted to use it for and what I expected from our market, I wanted to create mass accounts in order to do mass dm, and have a demo of all its features: <https://imgur.com/a/pFnIlFf>

Everything was clean and clear at the beginning of the deal: we agreed that o3Fo would give me a tutorial to use his bot, that I would pay within a day, that he would send me the demo + the bot and that was settled! <https://imgur.com/a/wVD6x7z>

That's where I made the mistake not to commit: I trusted the veracity of the words of this idiot, thinking he was going to send me the demo of the bot in the day, I decided to tell Regulus (the middleman) to release the funds: <https://imgur.com/a/i1inLGN>

It was after o3Fo received the money that he started to get scummy. I started asking him how many instagram accounts he could create per day, at first I could do mass dm, then after the sale he told me 5 per day, or else I had to use a vpn locally and manually, then in the group with regulus he told me I could create unlimited, the guy answers every other time when I ask him questions, or ask him to do concrete things.

From that moment, I understood that this guy had a serious problem, in the space of 5 seconds, he could tell me everything and its opposite: <https://imgur.com/a/iHWbFKd>

Seriously, how can you say that your bot can create unlimited accounts, and 3 lines later say you never said that ???? Anyway, it's by going on your profile that I understood, this asshole is burned by drugs : <https://imgur.com/a/2wGRMIE>

We had an agreement for a video call on September 30th, which he obviously didn't respect: <https://imgur.com/a/pUSC8Ct>

He has (more) the nerve to ask me 25\$ for the demo, then 50\$, then between 25 & 50\$ in short, this guy is completely drugged, unprofessional, and stupid : <https://imgur.com/a/XkNaphW>

? BRIEF, HERE IS MY GIFT TO YOU FRIENDS: IF IN 24H I DON'T HAVE A YOUTUBE VIDEO OF THE FULL DEMO (ALL THE FEATURES OF THE NINELINE INSTAGRAM BOT) WITH VOICE EXPLANATION + CONCRETE DEMONSTRATION, I COMMIT TO GIVE AWAY THIS WONDERFUL INSTAGRAM BOT FOR FREE (VALUE \$450) ON ALL FORUMS WHERE I'M REGISTERED (n. to / c.to / BHM / BHPT, etc.) ?

Here is the features of the bot : <https://hackforums.net/showthread.php?tid=6174363>

The 24h the countdown start from this post.

....Those 'features' on his bot take ~ 5 lines to code.

I wanted to have a mass instagram acc creator + mass dm, he said his bot do that, but I'm still waiting the proof, the mass dm feature isnt complicated to create ? I didnt saw any good seller selling it on forums.

Mass DM feature will get your account banned very quickly, it isn't a very feasible feature at all. Mass Creator isn't very common, I'm sure some bots do that but they won't be cheap as its something that has to be updated everyday.

Sad seeing you trash after receiving with no flaws.

You tryna act like you want chicken beef.

Opened a dispute on my profile and left a negative b rating after positivity.
I've developed and spent thousands on support, your actually a monkey.

I've reviewed the screenshots you posted. Not once does [o3Fo](#) state that his bot can make accounts, so I'm unsure why you're claiming he has. Are there other screenshots you're not sharing?

Your screenshots only show [o3Fo](#) stating that he will show you how to make accounts, not that his tool does. This seems to be a case of OP not properly reviewing what he was buying. I understand that you stated that you wanted an account creator, but [o3Fo](#) never made any attempt to convince you that he was selling you an account creator, just a mass DMer.

This is on you OP.

He was clear that his bot didn't create accounts but that he would show you how. You mistakenly thought that he meant he would show you how using his bot, but he didn't say that. He simply said he'd show you how to make mass accounts.

You're angry you didn't properly vet your purchase and you're blaming others.

Imagine being so wrong that you need to just flail around insulting people rather than trying to support your argument.

Show me where he says his bot will make accounts.

as I said on ban announcement :

What an ironic forum.

Scammers can walk around quietly and continue to pollute the forum, while professional vendors like me get banned in record time for sharing a tool from a scam.

I'm not longer active there, I'm done with the decision makers in this shit.
