I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

dont bother, the site he referred to was lolz, which now goes under another name.

i dont recommend buying anything off of that site - it used to be russian, which i dont really care about but they mostly sell cracked or inactive accounts that have the games you are looking for.

most of them get pulled back within hours, you do have the occasional lucky grab in there that will stay yours forever though.

people must have really gotten their hopes up a few years ago, lol
