Thread: [Bytes lottery \(2k start\) | Ends Today](#)

Put in 3k, but that somehow became 2025 bytes.

Starting prize: 2,025 bytes
30 entries max | 100 bytes per ticket | ends 10-27-2021.

The house takes a cut of the cake - it's normal, that is why the prize is lower than what you expected.

First time that I'm doing a bytes lottery, kind of unfortunate it couldn't be 3k, but I'll know for next time.

Dripstur you should give me some bytes for free. Don't beat my numbers in the lottery ticket.

Yeah the house always takes a cut (which sucks ass of course) and of course whenever I'm broke as hell there's some nice bytes lottery's that i always end up missing out on man smh ??? but anyways i hope i can manage to accumulate some bytes before its over so i can buy myself a few tickets! Otherwise best of luck to all those who've entered in, may you all fill your pockets up with tons of bytes :)

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
