Hello,

I`m looking for a member he probably changed his name so I can`'t find him. Can you please help me with his current name I need to ask him something? His last name that I know of was Squallo he used to be a big deal in the echoing forum now I know he has a dropshipping website that's what I want to ask him about. So can someone please help me and tell me what his name is now? So that I can ask him a few questions?

Thank you

Seems like IDK probably helped you, also. trying sending them a convo, you don't need a minimum of posts to do that mate

Hello,

I`ve managed to make 10 posts. I just gave my 2 cents on other people's thread and that would be all. Really hope this is my guy and I can talk to him

Thanks a lot

You mean the chat conversation works only if you are online. And since he hasn't been seen for 2 days he didn't get my message?

No, it works even if he's offline. Once he gets back online he will see a chat notification.
