Thread: [Free License to my Fire Valorant Cheat? 4-5 People GIVEAWAY.](#)

SIM-5093782 - October 23, 2021, 5:51 pm

I will pick 4-5 people to get a month's license of my Valorant cheat just released [over here](#) is a link. You HAVE TO give a report, your opinion on the product, all aspects possible. What do you think of the features of aimbot/esp, how good they are/what could be improved. 100% honest, no need to sugarcoat anything! But the requirement to cover every area, and especially your opinion on how legit the aimbot is. You can try it on legit config, I used it myself for a month basically, it's the smoothest and does not give out a look you are cheating. For more info click the link! Also, leave your report at the day 3 mark or earlier, please! When you properly have tested it. And if possible (will private you), after 20-30 days you report on if it's still undetected.

You can post here if it's something you'd like to try. I prefer l33t/ub3r's profiles for this, will pick two in preference, (you could have a normal profile too), and two are randomly selected, rolling a number. So everybody has a chance. If I don't get a lot of posts here or on my main thread, I will just give it to everybody who asked first.

Winners picken in 48h- or so. Depends on how many posts I've gotten. I will private you, but also provide everyone's name who won.

No requirements, you can be new at the game but would prefer if you have even a little experience. Just post about your day or better yet, why would you like to try my cheat! And mention if you have tried other(s) in the past. Or even in any game, so you have the ability to compare and understand it better! Undetected for a month and more, but ALWAYS use at your own risk! But I'm really confident in that staying.

He - I would like to give it a shot. I've been playing Valorant since beta and currently in diamond. Curious to try it out in the higher ranks.

give a review. You will get one. I believe you, but when you have time can you send me a message proof of you actually being diamond?

ThanksNice to hear that. Definitely, you will get one too. I will private you sooner or later. Also, guys, let me know if you have past cheating experience (so you are able to compare). If you've used any kind of hack/cheat on Valorant, that will be a huge plus++!

Pikzul - October 24, 2021, 10:34 am

Is it too late for me to get?

Suwoo - October 24, 2021, 10:38 am

Saw your dm, would love to check it out. Have cheated in just about every game I have played which is quite a few except for valorant. I am decently good at the game and get high diamond with little matches played so would be checking out the legit aspect of it

But two are randomly generated, so always a chance. I'll wait for tomorrow at least to end the giveaway and give out vouchers.

Boosting the thread, I think I got enough people. But posting, in case any good profiles come around (preferably with any cheating experience). I will pick people who get the vouch today, and the two are picked randomly! So you can still post and enter the raffle.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Everyone who received a vouch received a private message.

Two were picked randomly, I am closing the thread.

If interested in buying, I still have one slot of 20%-OFF in exchange for a review. Look for my sales thread in 3- days for reviews!
