TB12 - October 24, 2021, 10:16 am

Who's everyone's Marvel/DC character? Mine is Spiderman, been obsessed with spider man ever since I was little, grew up having Spiderman everything such as backpacks, toys, videogames, and more BS lol.

Joe - October 24, 2021, 10:20 am

I'm a big fan of the new Marvel movies. I really love Captain Marvel and The Scarlet Witch.

Yes she certainly is. I'm all about the girl power! The ladies are so much more kickass than the guys in the MCU.

As far as the guys, I pretty much just like whoever's funniest. Ant-Man, Spider-Man, Star Lord.

Pikzul - October 24, 2021, 10:28 am

Maybe not a "super hero" to some but harley quinn is a bad bitch.

fenompls - October 24, 2021, 10:28 am

Probably because of his movies I really enjoy Batman.

What's your favorite marvel movie?

Kittenz4life - October 24, 2021, 11:23 am

Joker 100%, even though he's a villain. The newer Joker movie was actually really good based on terms of mental health.

Even though it's a spinoff of the actual DC Joker, I think that's the main reason I like him.

Juoku - October 24, 2021, 11:46 am

I've always loved Batman, was one of my favorite superheroes, just plain badass

It's impossible for me to choose one out of them all. Infinity War and Endgame were amazing, Captain Marvel was really cool, the first Ant-Man, the first Spider-Man, and the first Guardians of the Galaxy were all hilarious, Thor: Ragnarok was great.

You see, I can't pick just one!

I didn't care about him being fat, I just didn't like that he was kind of acting like a wuss.
