The signature I have on, just the animated image linking to my tool.

I can pay some amount in crypto, return the favor for you if you are a new member & not posting much.

But I can pay for you to wear my signature, you can wear it for free to I will quick love you and +1 popularity. Even 24-48 hours of using it is fine and we can agree on a price.

Don't expect much, if you post a lot you could get some nice. Wearing it for free also helps, I'm not sending money if you are not upgraded and barely posting. If you are reputable & post a lot especially, I can give out vouch to any of my products you wanna choose. As I said you don't have to wear it for that long, but for vouch for at least a week.

Quote, you can just copy, and paste. Go to the menu icon, Account, and from their signature.

Thanking everybody who helping out SERIOUSLY!

I could also give you a custom discount code, people buy from me and mention your unique code, you get 5-15% of their purchased license money, instantly to your wallet. The % depends on the above-listed factors, but even 5% avg. is more than 7\$ and people can buy it easily more than once. If you have nothing to do with your signature, have a chance to make even some money. I will not be doing discounts after, and this is going to be a big product. This is good especially for people trying to get the post-award!

I'm willing to wear it for as long as you need.

But I can only guarantee 1 post a day. More depends on how busy I am outside the forum.
