Thread: [Who loves going IKEA?](#)

lol - October 24, 2021, 6:59 pm

I do.

Well, sometimes lol ? such a back killer omg...

Believe it or not, 2 days ago on Saturday, my wife and I spent nearly 4 hours at IKEA with few breaks, of course. It was hard to pick. We bought a few things for our house.

Like tall boy, TV table, coffee table, shoes cabinet, etc...

Baby - October 24, 2021, 7:01 pm

I have been in numerous stores like IKEA but still to this day have not been into one. There is one nearby maybe I'll manage to go in there lol.

zFacetious - October 24, 2021, 7:01 pm

My wife does, and I have unfortunately grown to hate going there, I use to love it but when you go weekly and sometimes for two hours and end up buying nothing, it absolutely kills it lol Also I believe the four hours things, my wife has spend multiple hours in the damn dollar store

Aww how come!? You should try there one day. It's very different and have heaps of things.

Usually just get furniture from other places. But I do have some smaller items I know I could find there, I'm sure my gal suggested it once.

Kittenz4life - October 24, 2021, 7:11 pm

I have only been into one ONCE, but I loved it. Really want one where I'm at, but I don't see one coming here anytime soon!

lol - October 24, 2021, 7:12 pm

To be honest, I don't think I'll go back there again haha I will go there in maybe 10 years lol

Dog. - October 25, 2021, 6:45 am

I think IKEAs are nice, their pre-designed room setups give inspiration if anything. Won't ever complain about minimalistic cheap stuff, and their food courts are nice as well.

I love IKEA. It does ruin your back after you spend a load of money on flat pack furniture. But the food is good and it's quite nice to walk around and be able to look at things the way they have it laid out.

Vibe - October 25, 2021, 7:01 am

Never been to ikea did see a video of a couple build furniture from there on lsd thoe

Maxorg - October 25, 2021, 7:07 am

I've never been to an IKEA, but I do have it on my to-do list.

I saw some great deals there on desks.

TB12GOAT - October 25, 2021, 7:11 am

I wish there was an ikea closer to me, the closest one is over an hour away :(

You've got no choice in Ikea, it's a combination of a prison and a maze.

My wife likes it, of course, because she's a woman. I've also noticed a lot of ladies on their own look me up and down when we're in Ikea, and I realised that it's not because I'm devastatingly handsome (although I am, natch), but because they are assessing a) how much more crap they could buy if they had a human male to carry it for them, and b) how much more crap they could buy if they had a human male to pay for it for them.

I think it's fair to say that I don't love going to Ikea. There are many other things I would prefer to do with my saturday afternoon, like working, watching sport, reading, or stabbing blunt pencils into my face.

shitmaster - October 25, 2021, 7:22 am

I Love Ikea. Especially the AS-IS section. I have gotten great deals there for ex-display and

discontinued items mostly.

Juoku - October 25, 2021, 7:48 am

I seriously couldn't hate anything more than I hate going to IDEA, that place is a living hell...
I hate shopping in general, so naturally I hate stores that try to lock you inside for hours

Goku - October 25, 2021, 7:49 am

I would love to browse their catalogs, but fuck no. I would never spend 4 hours in their store unless I work there hahah

Nostre - October 25, 2021, 7:53 am

I loved going to IKEA because they served breakfast and it was extremely cheap and not to mention, great.

Koyote - October 25, 2021, 7:55 am

One of my favourite places to go and imagine what I'd do at my house or at other's with it. We had a deal with our local one not so long ago and got a load of display models that were in perfect or near perfect condition and helped do up some low income houses with them, and it was a really fun experience!

Yin Yang - October 25, 2021, 7:56 am

I haven't been there in quite some time to be honest

Blogger - October 25, 2021, 9:47 am

I have never been to an IKEA, haven't even seen one. I'm beginning to think it's a made up thing.

fenompls - October 25, 2021, 9:48 am

If you walk into an IKEA you'll walk out with numerous items you didn't need in the first place. With that being said, I do love IKEA :)

TB12 - October 25, 2021, 10:28 am

It's all fun and games until you get lost in IKEA and they capture you and use you to cook into meatballs

MarvinMalware - October 25, 2021, 11:48 am

No Ikea ever again after this..

[Video: <https://www.youtube.com/watch?v=ViBaYl9GCcE>]

On a more serious note, I don't think I've ever been inside of an Ikea to be honest. Ordered things from the site but never been to one, I've heard their actually kinda fun though.

Tor - October 25, 2021, 11:53 am

I love going to IKEA they have a lot of interesting stuff to buy.

Michael - October 25, 2021, 11:54 am

Love going is maybe a bit to exaggerated, but I do enjoy visiting the store every now and then.

Congratulations on the new home additions.

Personally I have never been to IKEA, but I also don't have my own place yet lol.

Eran - October 25, 2021, 12:34 pm

I love going to furniture stores until I realize I don't have my own house so it's not worth buying fancy expensive stuff :(

LeetSpeed - October 25, 2021, 4:19 pm

I love going to Ikea, I 've sat in one for hours.

Regulus - October 25, 2021, 4:30 pm

I love going to Ikea, loved it when I was a kid and I still love it, climbing and shit at those "buildings" where they have all the packages.

Meowth - October 25, 2021, 4:31 pm

I like Ikea. It almost feels like a museum based on how they have things set up, you get to see bedroom setups, kitchen setups, all stocked as if someone is living in there. Lots of fun to do on occasion but very easy to get burnt out on it.

Mix - October 25, 2021, 5:49 pm

The last time I went was when covid was still around so it was a little different from the normal visit but it was still great and I had the famous IKEA meatballs. They are lush and I would recommend them to anyone.

Zeus - October 25, 2021, 6:14 pm

I love going shopping but hate long ones!

??? - October 25, 2021, 6:21 pm

I thought i was one of the only ones, I love it so much. Like being in a candy store.

Biggy - October 25, 2021, 6:43 pm

I love Ikea, and I miss it. I moved across the country and the nearest one is 4 hours away. :(

Bench Press - October 25, 2021, 7:40 pm

I love going to IKEA it's so pretty. They have tasty meatballs.

GizmoTheSenpai - October 25, 2021, 7:42 pm

Dude I am so jealous, I have never been to an Ikea before. It's been a dream of mine to go to an IKEA one day. Like, bro, imagine... all those rooms... food... like SCP-3008 is a DREAM for me. Being stuck in the infinite IKEA. Maybe I have an issue.

lol - October 25, 2021, 8:09 pm

I've never tried IKEA's cafe/food. Looks terrible but smells good and cheap lol

In Canada. This was about 15 years ago when everything was relaxed. You can't do that in these days.
