Pay me 25\$ for the method, make the money back instantly or full refund.

method to get 25\$ completely free paid via crypto, used to be 100\$ but they have changed the amount this is the reason i am giving it out

You need to pass KYC (Photo ID & Selfie) in order to get the 25\$ once you have used your own KYC you will need a friends/family for another 25\$, completely trusted website.
I have completed it with all my friends and family.

OP was kind enough to provide me with a vouch copy.

Review :

The method is fairly simple and very straightforward, easy to understand, and takes only a few minutes to execute.

The funds are received as a cryptocurrency, and the method can be executed multiple times. I would recommend it to anyone who is looking for a simple yet effective method to earn some quick bucks.

Interesting. Are any vouch copies available?

PS You should include some proof of payments received from this method.

Edit: What OP sent me was pretty straightforward instructions (7 steps) on how this works. Unfortunately, only a few countries are on the KYC/verification page's list, and mine isn't one, most likely hindering me from passing this stage.

Sholi - October 26, 2021, 5:40 am

I can confirm that this works and seems like its reproducible. Vouch for OP.

I am very interested by this method, do you offer any vouch copy. If not, I would be happy to send you the 25\$ after my first payout.

Does this work in New York? Some places still act weird with NY and KYC for crypto.
