Thread: [Best grey users of the forum list](#)

wtf - October 29, 2021, 5:08 am

Explanation:

Spoiler ([Click to View](#))

Hello, I'm usually in HF convo chat daily and i noticed alot of grey users come and go.

One of the reasons i have decided to make this thread is because this thread:

<https://hackforums.net/showthread.php?tid=6178862>

turned from me messing around with the guy to a wholesome thread where everyone is giving him rep to stay.

So, I'm making a list with the grey users that i believe deserve some love so they stay.

I'll keep this list updated and if they upgrade their ranks they will be permanently removed since job will be completed.

List of the best grey users:

=====

[Simon77](#)

Recruiter: [wtf](#)

He's a new friend of mine hes pretty active on HF convo lately and i believe he has potential to become a great user.

=====

[Meeetirm](#)

Recruiter: [wtf](#)

Also very active in the HF convo, most users there will allready know him and he should've been ub3r a long time ago.

=====

[fenompls](#)

Recruiter: [wtf](#)

Seems like he has been really active lately, even got the october award.

A grey user that desires an award like that is pure potential in my eyes.

=====

[mention=4963606]

Recruiter: [mention=4880700]

forfeit always posts decent stuff in the hacking section which shows knowledge

and a want to help out where they can, and has a cute ass dog <3

Don't be afraid to rep some of these users, maybe some bytes even a rank if you're real generous they deserve it.

Any user generous enough to upgrade one of the members above to L33T or Ub3r will be added to the thread.

Also the upgraded user will be moved to the success stories list.

List of success stories:

(This is a list of the users that were upgraded)

[hackerm0m](#) - upgraded by: [hackerm0m](#)

Recruiter: [wtf](#)

I just gave this user some rep and she seemed very thankful, grey users are always thankful and often get ignored by ranked users. [hackerm0m](#) being thankful: Spoiler ([Click to View](#))

[Under-2000](#) - upgraded by: [Regulus](#)

Recruiter: [wtf](#)

Very new user, seems like a nice guy often in HF chat and all hes done so far, is give to the community look at his threads.

[mention=3707989] - upgraded by: [Regulus](#)

Recruiter: [wtf](#)

I'm always happy to see him join HF convo usually i give him some bytes and he flips those into profit and hes like a brother to me. (also in my favourites list)

Simon77 - October 29, 2021, 5:11 am

I made it to the list :D Thank you [wtf](#)

Regulus - October 29, 2021, 5:15 am

Interesting haha!

You should update it from time to time and add new good members (Greys)

grey users are closed?

White users are registered with no upgrades. Sorry for being that technical.

Some really cool registered users though.

Love the idea of this. It also gives them a chance of having someone sponsor their upgrade.

It's a tint of white. White doesn't have to be #ffffff

There are different tints of white.

Ok. I'm just being technical. Not trying to piss you off. I've always seen them referred to as normal users. Nonetheless, I'll upgrade one of the normal users. Maybe through a contest or something.

Yeah, one of the members on the list has a dispute against them. The dispute didn't really make sense. They were advertising or something I don't know.

Yea i will definately keep activity, any user getting upgraded will move to Success stories list which ill add to thread if it happens.

And the user upgrading the grey user will be on the thread aswell.

I'll be honest, I don't judge users by their color ;)

If the person is awesome, I'll always be happy to chat with them, I do see a lot of times grey users getting ignored and such for no reason

guardian - October 29, 2021, 8:32 am

Cool thread, but would be even cooler, if you wouldn't remove the users that upgraded. Put them on

another list below the list of grey users maybe? You could add a spoiler so the thread will still mainly revolve around grey users we would like to keep on HF. Would be cool to know about the members that we successfully convinced to stay.

Jinu - October 29, 2021, 8:59 am
