Thread: [Powerpoint Templates?](#)

Sigma - October 30, 2021, 11:37 am

Does anyone know where to find some good PPT templates to create a presentation on Action items or different criteria of a project you want to hit?

Try this out: <https://slidesgo.com/>

Free and premium ones on there.

If you are using Office 365 you can search for the templates in the app itself.

Beat me to it, but yeah this site is good and tbh depending on your version of it there's a search on powerpoint.

I use slide carnival. Personally, they have some pretty cool designs.
