FAQ

Spoiler [\(Click to View\)](#)

Can you actually earn \$3,000+ a month? | 100%, on average I'm making \$4,000 a month, and you can go even higher than that.

Is it really 100% automated? | Yep, after the setup you can just sit back and relax.

Is this just a recycled garbage guide? | No! This is a personal method I use, I never rely on or take content from any other peoples eBook's

*Can I get a refund if it's not working? | Definitely! If you've genuinely tried the method and can't get any income from it I have no problems issuing a refund!

Is there any requirements? | Yes, you will need a PayPal account, and around \$100 dollars to get started, though you will make this back.

Bench Press - October 30, 2021, 2:58 pm

Hello there, could I get a vouch copy please?

I'm more than happy to leave a detailed review.

xc0z - October 30, 2021, 4:08 pm

I'll take a vouch copy if there's any room; look at my previous posts. You'll see I don't beg for vouch copies and I'm straight up about the product, no bullshit.

If it's a terrible product, I'll let people know. If it's a great product, I'll let people know.

Besides that, interested to see how this turns out.

Formant - October 30, 2021, 4:40 pm

Hey! I would love to check this out and provide an honest review if you'd consider me for a vouch copy.

Hope to talk soon, thanks!

Edit: I received a vouch copy of this ebook and here is my honest review:

The guide is well-thought-out and is true to it's advertising. It is straightforward and indeed automated, but it will take some time to properly set up. It does require a small investment (minimum \$30 up to \$130 - it is up to you), and it can take a little longer than expected to receive the first payout. However, after the initial payout, you can cash out more frequently/consistently. I have not started the setup process (yet), but when implemented, I don't see how it would fail. It is very unique and I have not seen anything quite like it around here. The guide explains how to make money on a particular platform, but it can easily be scaled to other platforms without needing your hand held. To quote a sentence from the first page, "This ebook is not designed to hold your hand step by step, but instead give you the knowledge needed to go on your own and figure out what works the best for you." I'm looking forward to getting started on this myself, it seems pretty foolproof :)

I also exchanged several messages with OP - he is very friendly and answered any questions I had. I would definitely recommend the Gold tier if you're looking for more hands on help.

JuiceBoxCereal - October 30, 2021, 4:45 pm

Looks awesome. Looking forward to hearing from the vouches.

looking to get the basic package via PP started a contract!

ProfitableFlip - November 3, 2021, 10:00 pm

I'd like that discount offer for the Gold package, I'll pay via CashApp. Just some questions.

How long does set up generally take?

Why is the initial investment ranging from 30-130?

After the set up how long would it take to see my first payment coming in? Thanks!

Sure thing, setup can take a few hours. There's quite a few components so that's why.

There's a few things you need to get started. So if you need to purchase them there's the cost. Though it's entirely possible to only spend \$30.

First payment unfortunately takes a couple months, after that expect to get paid every month. This isn't a get rich in 1 week guide (not sure there's any that are), it's more of a long-term operation.

littlemay - November 3, 2021, 10:58 pm

do you need to set up own website, or landing page?

why the 1st payout takes a number months?

No you don't need a website or landing page.

Payment delayed due to being net 60.

OP was nice enough to provide a VC for me.

The method is kind of known, but something that is hard to get into if you are new in the scene. This ebook will give proper guidance on how to successfully set up this fantastic income stream. Many ebooks claim to be 100% autopilot, but right there I saw something which doesn't need your attention every day.

Although it may take up to 3 months before receiving your first payout, it is still worth it because you will end up with a money printing system.

Gracioso - November 8, 2021, 3:16 pm

Purchased this.

The method itself is not new, but this is probably the best guide I've seen on how to implement it. He goes into great detail on how to work every step to set yourself up for success. The guide is well written and you can tell he does this himself and knows what he's doing. There is no fluff, no bullshit, just down and dirty -- "this is how you do it and this is how you do it well".

My only complaint is that I feel he should be upfront on his thread about exactly what he's offering. This is a legit, proven method and no reason to hide behind blind copy. Legit Af. in my opinion.

thanks bro.

3 months to receive 1st pay out?

How about 2nd, 3rd, 4th pay out? Have to wait every quarter to get the money earned?

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
