Thread: [How do I make a popup gallery?](#)

funtela - November 6, 2021, 12:45 pm

So I'm working on a website for a friend's business, and I'm trying to make a popup gallery for these sections:

I'm trying to make it so when I click on one of the cards, a gallery flips open to show preview pictures of projects done in those categories.

I hope I explained that correctly.

Thank you!

You're probably looking for the term lightbox. Take a look at the brief W3schools tutorial - https://www.w3schools.com/howto/howto_js_lightbox.asp

Edge - November 6, 2021, 12:52 pm

This is also a good option, basically the same thing: <https://lokeshdhakar.com/projects/lightbox2/>

You can look into bootstrap as well (:

How would I open the Lightbox without actually putting on image in the column?

```
Code <div class="row">
<div class="course-col"
<h2>Drainage & Underground Utilities</h2>
<p>Additional Details</p>
</div>
<div class="course-col"
<h2>Concrete, Sidewalk, Curbing, ADA</h2>
<p>Additional Details</p>
</div>
```

```
<div class="course-col">
<h2>Asphalt Milling, Paving and Re-Striping</h2>
<p>Additional Details</p>
</div>
<div class="course-col">
<h2>Sidewalk & Additional Services</h2>
<p>Additional Details</p>
</div>
```

I can't seem to figure that out.

I still need some help with this :(

```
Code div class="row">
<div class="projects-col">

<div class="layer">
<h3>The Miami Times Project</h3>
</div>
</div>
<div class="projects-col">

<div class="layer">
<h3>Residences at The Falls</h3>
</div>
</div>
<div class="projects-col">

<div class="layer">
<h3>Pullman Hotel</h3>
</div>
</div>
</div>
</section>
```

I'm trying to add a Lightbox into each of these sections. So when they click on them, a gallery would popup with all pictures relating to that project.

I've been using this tutorial but I can't seem to figure it out :/

Provide the full code that you have relating to this. Where's the JavaScript?

Here's the gallery.html code:

<https://pastebin.com/tvg0tvZP>

CSS(same file for index.html):

<https://pastebin.com/Wrj96qn7>
