I'm really new here...

I'm a bit poor and wanted to earn a quick one time 200usd any help will be appreciated

I learn and adapt and hopefully soon become a top contributor in this forum

I'm a bit introverted but learn things quickly

I'm learning python

also I recently started investing in cryptocurrency, started by investing 30usd in floki inu

Plz share some methods to earn money quickly

I only need 200 usd by end of this week

I would also be very grateful if someone helps me out
