Thread: [MENTORSHIP - EARN \\$1,000+/DAY WITH BUSTABIT](#)

XYLA - November 8, 2021, 10:19 am

NEW BUSTABIT EXCLUSIVE STRATEGY

NOTICE: This method is NOT a script. You will have to execute this strategy manually and you will also be provided with a 30-minute mentorship session to ensure your success.

Got a flawless bustabit strategy that I will be offering on HackForums for a limited time. I've been gambling on bustabit for quite some time now but just recently I've managed to optimize my strategy in order to obtain some serious and stable profit. For 3 months I have been using this strategy and the results have been absolutely unreal. In this short period of time I have managed to earn upwards of \$25,000 from bustabit alone. Realizing how effective my strategy was after the first month, I completely cut off all other forms of gambling like sports betting, blackjack and poker. This was probably one of the best decisions I made in my life because it allowed me to completely focus on bustabit and my strategy. I continued to implement optimizations by leveraging historical data and mathematical models. At this point I am fully confident that this strategy is by far the best way to maximize your earnings while maintaining low-risk on bustabit. Now I will be offering a few copies of my strategy which will be accompanied by a 30-minute mentoring session to you all. Take advantage of this while you can, it's been an absolute life changer for me.

What you receive:

- Optimized BustaBit Strategy
- 30-Minute Mentoring Session
- Full-Refund Guarantee

I AM SO CONFIDENT IN THIS STRATEGY THAT I WILL BE OFFERING A FULL REFUND TO ANYONE THAT IS UNABLE TO EARN.

Price: \$220

[contract=tid]Start Contract[/contract]

Here is the deal, I know many of you enjoy to gamble on bustabit but may have difficulty earning consistently and on a large scale. Would you rather continue to gamble with uncertainty? Or do you want a tried and true strategy that will direct you to massive profits? This strategy has been developed through many months of experience and optimizations. It's time to stop stressing yourself over how to gamble, and start profiting for real with the best strategy there is.

All the best with sales. I've had two Bustabit scripts wipe my accounts after claiming similar things.

Can we see a video of your phone with proof? Are you going to get some reputable members to review your service to ensure confidence in ones purchase of this?

shakur123 - November 9, 2021, 8:21 am

Can you show proof of earnings? what are the TOS?

Thanks! If you read the thread you will notice that this method is NOT a script. With that being said I can't link my bustabit profile because that will just leak parts of the strategy. Just contact me for earnings proof and I will be glad to show you.

For sure just contact me and I will provide you more insight on my earnings. Also there is no TOS. I will be able to view your bustabit profile to ensure that you were using the strategy.

If someone reviews it, then yea. There was literally another seller on here who also said he doesn't use a script. Got one review from someone with 4 posts and it turns out OP just resells public methods. I look forward to seeing some reviews about this to see if it's actually legit. Good luck OP.

Seems like we have many interested members and also one just purchased. I would expect some reviews soon. I completely agree to be careful and do your due diligence before purchasing something. One thing I can say for sure though is that this strategy is completely private. I've put so much time into optimizing this method to obtain the best possible results and it really can't get much better than the current version that I am offering now. For that reason I am offering to sell a few copies.

Thanks.

Maadcat - November 14, 2021, 10:56 am

Who have test this ? Is there HF member review ?

Regza - November 20, 2021, 9:34 pm

Can you send earning proof thank you

123 - November 24, 2021, 2:33 pm

I'll keep an eye on this thread to see how this works out. Any reviews so far ?

If you're comfortable in sharing your Bustabit username with a reputable member that would be a good start to partially proof your claims and you can post a custom bet of x bits at x payout to confirm you indeed own that account.

I hope this helps you in getting sales. Thanks!!

V.V.V.V.V - November 25, 2021, 1:55 am

Sounds very interesting, let me know if there is any discounted copy for the first buyer?

I could try this out with a couple of hundred \$ just to test.

Thanks.

Still got 1 discounted copy up for grabs. Let's do it!

What is the minimum investment needed? Would you consider making a script around your method? I have done this in the past (can link my profile privately which earned 0.8-9 btc at the time).

\$100-200 starting balance is ideal to get started. I would already made a script for this method but there are parts that cannot be replicated by a script unfortunately. Either way it's ok because the profits are really good for only 1 hour of work.

Added you back. Sorry I have been extremely busy.

misanthropino - December 6, 2021, 3:45 pm

It's gambling. Impossible to make a profit in the long term.

Other questions:

-Do you accept a middleman here?

-Will you provide a pdf guide?

-Will you need to connect to the buyer computer?

That's just not the case when using this method. Yes there is always a risk involved with gambling but with my strategy you effectively minimize your risk and maximize your profit potential over the long run. For that reason it is well worth the price rather than just blindly gambling and my steady earnings are a testament to that.

1. Yes middleman is fine. If you somehow lose your starting balance a refund will be provided.
2. Yes a guide is provided that outlays the strategy and how to use it effectively.
3. No I will not be connecting to the buyers computer as this is not needed. Bustabit is a global game so we will work together via call during the mentorship.

How much balance and time do I need to make \$1000/day?

(Dec 7, 2021 03:27 PM)misanthropino Wrote: [\[CITE\]](#) How much balance and time do I need to make \$1000/day?

\$100-200 starting balance is ideal for this strategy. You can expect around 2-3x per day.

fknhippie - December 8, 2021, 11:13 pm

Can you provide any info on the strategy? You can imagine the skepticism due to the nature of

platform, if you're interest in a vouch copy I'd be willing to run it live and review it.

I've built a lot of system in the past, and to "safely" pull those type of returns from bustabit is really not easy without risk

It seems VERY aggressive...

I'm interested in getting the discounted copy if you're fine with me paying if I make profit with your script. If it's just some basic martingale, please ignore my message.

I've been interested in the same stuff you are watching at but with your experience with the previous seller, I'm trying to be as safe as possible.

Yeah, it's mandatory now. We cannot lose money.

Yeah I'm definitely open to doing this but the payment must be held with a middleman.

Yeah no problem in selling a method that involves potential risk for profit (refund is also offered if starting balance is lost). Method can't be saturated obviously and I am providing a 30 minute mentoring session which is well worth the time for how much I am being paid.

XYLA - December 11, 2021, 8:58 am

Price is currently at \$225. Contact me to get started with this.

No it does not involve this.

There are no discounted copies left. If you contact me I might be able to make an accommodation though. We have buyers making plenty of profit but I can't force them to leave a review lol, that's up to them.

XYLA - December 17, 2021, 6:34 pm

Nope. If I bought a product that made me this amount of money every day, and it couldn't be saturated, you bet your ass I would leave a review. And if I was the OP, I'd also be begging them to.

Trite - December 29, 2021, 3:18 am

Looked into when you first posted and was waiting for reviews. I'd be happy to work something out with you op to curb the speculation that this method doesn't work and give reliable feedback. Let me know.

fknhippie - January 18, 2022, 5:30 am

There still appears to be no reviews regarding your product.

I have built a lot of BaB systems in my day, if you want an honest review let me know (and we can discuss automating it as well)

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for

each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
