Thread: [any decent unpaid traffic sources?](#)

aproudcomedian - November 8, 2021, 2:43 pm

Looking for traffic or really whhatever works that's unpaid!

if you can help that would be great.
my main srcs are self-verify and/or don't exist right now.
most of my traffic ends up being dead or 'ur a whore'

I did some research but couldnt really find anything 'semi-reliable'..

YOU CAN PM IF YOU DONT WANT TO SHARE :)

I understand I can just research it but things tend to change and it does not hurt getting an updated response from the community, if that's asking for too much then ldk what to tell you dude.
