Crypto ONLY for payment.

Greetings,

This method is 100% blackhat, if you are not okay with doing that. Please don't purchase this. I have created this method myself, it isn't related to nor affiliated with any other eBook or method you have or will ever come across. Completely unique to itself.

This method is not for beginners in the money making scene. If you have no blackhat experience I also would not recommend this to you.

This is for seasoned members of the online money making scene.

This is also intended for people who are already making money and want to explore another avenue (hence the price).

No Ratting

No Botnet's

No Mining

No E-Whoring

I only plan on selling a few copies of this, as the method will get saturated if too many people jump aboard. As of now the only one doing this is myself.

Things needed;Website

Domain

Hosting

BTC and/or XMR wallet(s).

You WILL need a custom website, if you do have HTML/CSS/JS experience this is perfect for you. If you have ZERO experience creating websites don't worry, I can provide a website for you at an additional cost.

By purchasing this, you are not only going to receive an eBook detailing the process, but 1 on 1 mentoring. I will help you when you need it.

Starting price to purchase is \$1,000.

Each additional copy will be \$500 more than the previous price.

Crypto ONLY for payment.

If anyone is interested in a vouch copy I will give a 50% off discount (\$500). One Vouch Copy ONLY.

If you have any questions please contact me via PM/Convo or on Discord @ Proxily#8929

Hey, do you deem me worthy enough to take a vouch copy? I could use some money at the moment.

Thanks

No free vouch for this one, sorry. This method can get saturated so the vouch copy is a discount.

Is that true? Could you point me to a rule where it states that. Will remove if so.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

I look forward to reading a review of this.

To buyers if you are interested in purchasing, we can use a middleman if that makes you more comfortable.
