May I get a vouch copy? Interested in your service!

Thank you sir.

EDIT:

Received the vouch copy that I asked for, fast and simple. Already tried to login to the account, and it works perfectly, I can watch anything without any problems, and don't need to use any VPN.

Just what I needed.

Thank you for your service, best of luck with sales.

I'll take a vouch but I do have a few questions.

How are these obtained?

Are these shared accounts?

Can I change the PW?

What's the warranty on these?
