Thread: [PRIVATE NEW METHOD FOR CURRENCY EXCHANGE \(LOWEST FEES\) | PAYPAL ACCEPTED NO KYC -](#)

UNKNOWN1 - November 13, 2021, 1:43 pm

I've decided to sell this private method which I'm 100% sure it is not leaked anywhere and works pretty well.

- NO KYC REQUIRED - THIS IS NOT AN EXCHANGER!
- THE METHOD IS 100% LEGAL
- IT WORKS AS I HAVE USED IT MANY TIMES
- METHODS TO EXCHANGE: PAYPAL - BITCOIN - ETHEREUM - NETELLER - SKRILL - BANK TRANSFER

NOTE:

THEY HAVE BEEN OPERATING SINCE 2019 WITHOUT ANY ISSUES (IS NOT AN EXCHANGER , BUT YOU CAN CONVERT E-CURRENCIES 100% AUTOMATIC WITH SMALL FEES)

I'm going to sell only 10 copies / \$120 USD each one.

Post below or PM me if you are interested.

It does not involve any person, always the same method which is a website that allows you to deposit/withdraw these payment processors

The maximum I've paid is 2% when converted paypal to btc (Payment was automatic and as goods and services so I can even chargeback if they want to scam or anything like that). They don't even have "fees" for it since they are offering some kind of service which allows you to deposit/withdraw money at any time with the lowest fees.

The max you can deposit per transaction is (\$300 USD) and you can do multiple deposits on there.

Does this involve the site Cake Wallet?

Is this any known site such as binance or a major crypto exchanging/trading platform?

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
