User sells an \$80 package for his OldSchool RuneScape bot farm.

I was offered to purchase it for \$50 in return for leaving an honest review. He seemed very eager to get started, so we agreed on \$25 down payment, and the last \$25 after completion.

User told me delivery would be 30 minutes. Well, that's +24 hours ago.

Usually responds right away, any time of day, but after payment, I've only received one message: "I'm here my bad buddy", 16 hours after paying. He's been online on HF 9/10 times I've checked after his "my bad buddy" excuse from around 9 hours ago.

Sadly hes an non upgraded member with no reputation, no B rating. Sorry for your loss next time I would recommend a middleman.

Yup. I was even very skeptical, and first he wanted \$80, then \$50, then we agreed on \$25. He did everything to prove he was an adult and such, but yeah, always go with your gut feeling. But ffs, imagine scamming someone out of \$25, that's like 30 minutes of work IRL ?

Glad to see some of y'all showing the fucker some -rep love lmao.

I have proof he's actively trying to scam other users on HF as well, wonder why he hasn't been closed.
