ailo - November 21, 2021, 8:57 am

bk randy - November 21, 2021, 9:13 am

I haven't made anything cuz I never heard of it before.

Monero-chan - November 21, 2021, 12:57 pm

I've made like \$12 or something like that.

MaelDuin - November 23, 2021, 11:13 am

I think I've made about \$20 overall. But I also bounce between Brave and Vivaldi, and at the moment I'm using Brave, and don't have the ads turned on. Can't be bothered with them.

Lrrr - November 23, 2021, 11:27 am

I have tried to try brave browser countless times, i even have some BAT but I just hate it

I like it because you can change a lot about how it operates and looks. It's solid, and has some nice features. It used to be noticeably slower than Brave, but these days, it seems to have caught up, and they are about equal in speed. Although I've upgraded my computer as well, so that could well have something to do with it.

SIM-1729678 - November 23, 2021, 12:29 pm

\$76 Total :) actually switched back recently, my work required me to use Firefox. I use 10 ads an hour, makes me like \$1 a day

Hmm, i think it all comes down where you're from, cuz that will factor the amount of ads and amount you're getting
how long did it take you make the 76\$ off brave?

L1I DuRk - November 23, 2021, 12:52 pm

Never used brave browser will download right away and update if I earn.

LOUD - November 23, 2021, 12:55 pm

You could go to their site and checkout, download it and test it to see if you like it ??

Almost a year I suppose. I only had the option for 5 ads per hour at that time. Since I switched back like 1 month ago I saw they had 10 ads per hour.

Will do. Thanks for putting me on

SoulZeh - November 23, 2021, 1:42 pm

I've used it every since Omniscient pretty much made a post about it a good while ago, I totally forgot about the claiming rewards and just done it and I've got over \$20 also, pretty fucking neat.

Yeah, all you need is to add and verify your Uphold or gemini (just recently added) account

Gaetano Fidanzati - November 23, 2021, 2:46 pm

Pretty much close to 5 euros. Advising not to depend on it as a source of income

Rahul007rhp - November 23, 2021, 8:50 pm

Posting to see this later. I was planning to use brave but dont had time to try.
Although i used CryptoBrowser and made decent few 3-5\$

Mr. Robot - November 23, 2021, 8:58 pm

Jeez how long did it take you to make this much

strol - November 23, 2021, 11:26 pm

Never tried it, but a few people I know made anywhere from \$1-\$50 within 1-6 months, it's easier if you're using the browser to try to earn cash rather than as a browser apparently.

RuD3B0y - November 23, 2021, 11:28 pm

Its been a year. I'm not sure how much I've earned so far. But it'll be around 50\$ throughout the year.

Louis Vuitton - November 23, 2021, 11:42 pm

Don't spend that all in one place now.

Jinu - November 24, 2021, 12:28 am

I have been using around one month and my earning so far is \$1.5 worth of BAT.

ashish2112 - November 24, 2021, 12:49 am

I have made around 7 BAT with it in 3-4 months

Palestine - November 24, 2021, 4:59 am

Oh now i see why you asked me if i used that browser [ailo](#) I'll download it as well and give it a shot, so you actually WANT ads popping up so often so that you can make a couple bucks a year? D: unless i make \$800 like Mr. Robot has then shit idk lol but is it compatible with iPads?

7 - November 24, 2021, 6:44 am

tbh i dont really bother much with it. I have all my bat via brave being donated between a few sites. HF gets 50% of everything.

What I wanna know is how many are using linken sphere.

800\$ by Mr Robot.... he's bat crazy

LOUD - November 24, 2021, 7:33 am

Do you make this money in crypto or what?

MavenGradle - November 24, 2021, 7:34 am

(Nov 24, 2021 08:33 AM)Loud Wrote: [\[CITE\]](#) Do you make this money in crypto or what?

BAT is a cryptocurrency token that is currently running on Ethereum, but planning to move to Solana.

It can be earned using the Brave browser:

<https://brave.com/>

Or exchanged on exchange platforms and other places.

Oh I see. Is it pretty easy to passively earn some crypto while using this?

Very easy. Brave browser blocks advertisements by default on all websites, but all you have to do to earn BAT (Basic Attention Token) is enable Brave specific advertisements, and you get 'free' cryptocurrency. 'Free', as in you pay with your attention.

sometimes it just turds and doesn't go

MavenGradle - November 26, 2021, 11:41 am

Honestly though, don't get into this thinking you'll get rich from watching advertisements. Really, it's not meant for that.

dhcp - November 26, 2021, 3:17 pm

I have yet to try brave browser so I have made 0\$

A + - November 26, 2021, 5:07 pm

Go to your settings and adjust your ads. I started using it when BAT was around .05 I think, if I would have saved it all the number would be in the thousands. At the end of the day a couple of

hundred or so.

Russian bear - *November 26, 2021, 5:22 pm*

ive been using brave for years and i always check the balance but i never care about it and every 2-3 months i just wipe everything from my devices on avg use i have like 3.5 bat or something like that
