Thread: [where can I get new token info before its launch?](#)

__M__ - November 26, 2021, 3:20 pm

Hi, can you please give me some suggestion where can I get news/info on new token before launch on pancakeswap?

maybe any site, group, channel?

UPDATE: I am looking for tokens those launch directly in pancakeswap. not ICO/IDO/IGO etc

Go in the ICO Calendar on Coinmarketcap.com, there is a full list of the upcoming coins that are going to be released in the upcoming days/weeks... the problem with most of them (if not all) is that to buy them before the launch you have to stake a bunch of coins from the launchpad that is taking care of the ICO/IDO/IEO or whatever. Basically 90% of those coins is a guarantee 1000% at the official launch, but you have to invest a bit in those sites tokens.

<https://coinmarketcal.com> is also a great source of information. Has community-backed voting system as well.
