Thread: [\[3 SPOTS\]HOW I MADE 2.65BTC in 3Months only Private Whitehat Method INSTANT EARNING](#)

Noxin - December 1, 2021, 4:07 pm

SOME INFOS ABOUT THE METHOD

This is a unique whitehat method original and never seen before on HF , It's not a remix of some already existing and known infos like most HF guides provide.

Very little work involved and it's Crypto related

Initial investment is needed, and the setup can be done in less than an Hour (with a powerfull glitch included)

it's almost fully autopilot ! Only a sneak peek needed from time to time during the day

Income is around 250\$+ minimum per day, depending on how much you spent on your setup
payout is in crypto.

Although this is not saturable, the trick we add to it is sensitive, so the less people to know about it the better, only 3 Copies will be sold.

This is 100% scalable and you can do it on different instances like me to maximize your profits

The offer :

?• Private mentoring session with me right after payment

?• \$250+ Daily Profit that i can guarantee, a lot more can be made just take a look at my own results

?• Instant Earning after Day 1

?• Works Worldwide, No age or country limitation

?• Pays out in crypto

?• Full Refund Guaranteed for 1 week period

REQUIREMENTS

- Connected Computer

- Minimum 800\$ in crypto

The spots and their prices :

-SPOT 1 \$700 Sold

-SPOT 2 \$850 Sold

-SPOT 3 \$1000 Sold

-SPOT 4 \$2000 \$1300

Prices may be high for the average HF user but i'm not willing to lower them, and i believe it's still cheap for what you can achieve with this knowledge

(Dec 3, 2021 04:30 PM)K4RMAf Wrote: [\[CITE\]](#) Update : This shit is heavily underrated, this guy found a SICK glitch that gives you advantage over everyone doing it the legit way + provided a captcha solving solution api with funds on it to help me make it autopilot

setup is a bit hard to do alone when all you know about cryptos is to buy from coinbase and send to an exchange but OP told me he's ready to help for a second setup when i decide to scale it again
Very satisfied with my purchase.

Proceed with caution!!!

Edit: OP didn't even care to respond to my questions (and seems he's not responding to other's either).

All vouches/reviews on this method comes from very old & inactive accounts. If you're going to buy this, use a middleman with strict terms, otherwise you are probably better of using this money on the roulette table.

How much investment is required to make \$250 /day?

If it's not an insanely large amount needed, I think your prices for this are more than fair.

One could make back the cost for this in just a few days. Which is why I'm curious as to why you're selling this?

Instead of selling a copy for \$1000, you could just scale yourself and make this \$1000 in just a few days.

Depending on how much the initial investment is at, I'd be interested in a copy. Preferably a discounted vouch copy, and I'll leave an honest & professional review of it afterwards, with earnings proof included. Middleman for this deal would be required, so that both you and me can set our terms.

JuiceBoxCereal - December 2, 2021, 5:05 pm

The only way a refund is guaranteed is if you use a middle man. Especially at these prices.

HypeGuy - December 2, 2021, 5:52 pm

I'm interested but I'm wondering if this made you \$150 000 +, why would you sell it that cheap?

Interested in hearing your reply to these questions.

Also, does this involve DeFi Wallets?

Honey Singh - December 2, 2021, 8:27 pm

I suggest everyone not to go first with him unless he prefers a middleman.
OP post your skype id.

What are the terms and conditions for refund? Would I be eligible to claim it if I don't end up making 250 bucks a day?

Most of the questions asked here are answered on the thread

Close enough but not DeFi
more related to a glitch in the META

Yes, supposing you started the investment with the same amount that was said on the thread, it's impossible to go wrong

Are you willing to let MM holds funds until the specified earnings are met? If so, we can make it a vouch copy and I'll leave a thorough, honest review

Schematics - December 3, 2021, 11:49 am

If you are making \$250 a day, then why sell your method? Or should I say why sell it for that price? It does not seem like it would be worth your time or money if this is guaranteed to make you the money. You might as well keep this method private. You guarantee the user will make \$250/day for a whole week or money back. That's an amount of \$1750 which is way more than what you are pricing this at. You're basically giving away free money if everything is true.

This. Not only that but in the thread OP states “ the trick we add to it is sensitive, so the less people to know about it the better, only 3 Copies will be sold.” Why would you take the risk of someone leaking this ‘sensitive’ information if you’re making absolute bank?

K4RMAf - December 3, 2021, 1:39 pm

bought the first copy from OP, mentoring should start soon, i will update this later.
he promised a full refund whenever i want if i don't like the method.

misantropino - December 3, 2021, 1:54 pm

Just bought the second spot. I will update with the results.

Noxin - December 3, 2021, 3:55 pm

Decided to add one more spot for a much higher price, if it gets sold then good, if not then i'm okay and i'll stop there.

SandBlaze - December 3, 2021, 4:24 pm

Waiting to see if the first two buyers post results.

rockchuck 1 - December 3, 2021, 4:56 pm

I have purchased the third spot and will update.

LordCoder - December 3, 2021, 5:05 pm

Wild method, willing to see the replies

???? - December 3, 2021, 5:24 pm

Sent you a pm regarding this, I'm interested in buying.

Sayid - December 3, 2021, 11:53 pm

Proceed with caution, would not buy without a middleman.

Orb - December 4, 2021, 5:39 am

So suddenly 3 low profile accounts with 2 b-ratings or less purchase this method within a 3 hour span? Wouldn't purchase without a middleman, be cautious.

K4RMAf - December 4, 2021, 5:42 am

since a lot of people asking me in convo how much i made

297\$ of it is the profit of today, swapped to usdt.

OP hit me up if you want this removed.?

xc0z - December 4, 2021, 5:50 am

Clearly the people who posted are not legitimate accounts, they've not posted on any other sales thread recently besides this one.

Please don't be gullible, avoid this at all costs if he doesn't use a middleman.

Low profile ? i've been in HF since before the Contract system was invented, before the rep go a reset, 10 years more than you lol.

I'm a legitimate account.
I'm waiting the seller for the mentor and then I'll update with my results.

Vitaly - December 4, 2021, 6:14 am

from the screenshot the guy posted of his earnings its to do with poocoin, im guessing its buying shitcoins // making your own shitcoins and rugging them?

interested but would like to know more about if its an arb bot or something

edit: my bad, cant be making your own coin/rugging them cause that isnt whitehat. didnt see thread title.

poocoin here is only used because it displays the \$ total of all your metamask wallet instead of doing the math yourself, i don't use it

Noxin - December 4, 2021, 8:52 am

Updated the price for the 4th copy for 1300 if you're willing to be mentored in a small group of 2people at the same time, price will go back to normal soon.

No need to disclose any more informations please, or i will have to dispute the contract and stop the support.

Sayid - December 4, 2021, 1:01 pm

Praise the lord if anyone actually buys this without MM holding funds

Rabbit - December 4, 2021, 1:22 pm

"only 3 Copies will be sold" first 3 copies sold within the first 3 days and now you're selling a 4th copy for \$1.3k lmao. I swear when I first saw this thread u had pricing per copy at like \$1-3k per copy. If you purchase this without MM after everyone in this thread told u to use a MM that's just natural selection

Rexxleo558 - December 4, 2021, 1:38 pm

If you made over 100k in 3 month why are you selling this and not just scaling to the moon??? I mean you make more than your selling this for in less than a day.

Gracioso - December 4, 2021, 2:11 pm

Purchased this. Taking a chance. Will follow up once I have the method and have implemented with a review
