Within Cage

Morning, chirpin' sparrow,  
Fly afar, in the vacant sky.  
Like lucid star ,  
Above me ,  
through the ring high,  
yet,  
Like glowing fly in a jar.

I'm in awe, buddy, that's pretty good poetics??

I'm enjoying these. Maybe you could create one thread with all of your poems? Just a suggestion. Would make it easier to read all of them. Keep it up Black.

your poem lacks any structure, it's just a collection of words in an attempt to be thoughtful

Yes its free -style. But I used many poetic devices.  
It really gets hard to write in a proper structure.  
Thanks.
