So What happend is that i bought the silver package from.(45€)

<https://hackforums.net/showthread.php?tid=6163394&page=27>

I asked the user (Lefty) about the product and if it will work hitting mail boxes.

I went and bought the product with out contract (he keeps declining the contract.)

I askes lefty on discord if he wanted to support me, instead of supporting me he blocked me.on HF and discord

Yes its stupid that i did not work with a contract, i just want the other members to know hes product is a complete scam

Proof oof payment:

No, you don't understand. You don't have a contract and they are required. There is no "whoops sorry I forgot" option available.
