Thread: [Looking For CS:GO Skins \[H\] Crypto High Budget](#)

HypeGuy - December 11, 2021, 4:56 am

Looking to buy some CS:GO skins and I'm paying with crypto. Let me know what you got for sale or give me link to your inventories so I can check.

I'm mainly looking for knives, gloves, m4a4, m4a1, awp and scout skins . Also might be interested in a nice Desert Eagle. Looking to spend 10k maximum atm.

Are you interested in anything in the inventory? Also what percentage are you paying?

Could sell you these skins if you're interested. Depending on the percentage.

I'm interested in both Gamma dopplers and on the Talon Slaughter. Contact me and we will discuss the price.
