If you ever support 64bit native files let me know.

Acordx - December 12, 2021, 10:36 pm

Refud done still bypass windows defender.

Lovesosa - December 13, 2021, 1:57 am

A avscan.net does not say anything.
scan it on [dyncheck.com](#). and post results here.

Call Me Shelter - December 13, 2021, 4:31 pm

do you have any vouch copy ? against complete review

Ph4n70M Phr34K - December 14, 2021, 12:28 am

dont you see that OP has been banned because he was a known scammer ?

This is not a crypter, this is just fake GUI binded with malware to infect customers.

The same guy as vulcan and many other names.

Yeah I know man, but thank you for advertissment

dsh10101 - August 6, 2022, 10:59 am

This guy is a scammer don't fall for him he would take your money and block you he scammed me of over 500\$ and blocked me I have proof to confirm with screenshot and record message me on telegram for proof @dsh10101
