I won't agree with your point cause it totally depends on country you are applying for the job. Plus some users even bought the service after they have cleared all the labs but they just want a helping hand which guarantees that they will pass.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Are you perhaps having access to reports yourself right?

Ronaldo. - June 21, 2022, 4:18 am

Yes, I do have reports too. But when I do the exam for a client I solve and create a new report from scratch. So, it's guaranteed that you will pass.

And if due to some unforeseen reason you fail (not happened till now) will do your re-exam attempt for free.
