Thread: [Google Play / App Store Help](#)

emptyvessel - December 22, 2021, 3:57 pm

Howdy all,

Our Australian team are after some help with growing our app. Currently we only have a handful of reviews both the Google Play Store and the App Store, we also have ~3k downloads. We are hoping to grow these numbers significantly in order to improve our apps visibility and a variety of other reasons.

We are hoping to find someone who is talented in this area and is professional and honest. Please contact me if you think you'd be able to help.

Thanks for reading and I look forward to answering your questions and hopefully working with you.

Cheers,

Bump!? Not sure if this is allowed/the done thing but we're still after some help!!

MostaqIGigs - December 28, 2021, 10:38 pm

hello, please forward me more details about the app in itself
will help out
regards
