Thread: [Investing in Metaverse Projects \(+ Marketing Support\)](#)

Ivex - December 24, 2021, 2:13 pm

If you have talent, a creative solution to contribute to the metaverse but you lack sufficient capital, allow me to help.

I'm not a millionaire (yet) so I can't contribute huge sums, but as someone who bootstrapped my own business, I know there were times when just a small bit of financial support could've taken me a long way.

I'm able to invest \$x,xxx (maybe \$xx,xxx in total in multiple instalments as a project progresses) towards any metaverse related projects which I deem worthy and have direct use for the capital I can allocate.

Maybe other members will get involved and together we can build a larger investment fund for such projects.

In exchange I will be looking for equity in the project, which we can discuss between us.

I mean the metaverse in a very broad sense so feel free to pitch a diverse range of ideas. An uncommon example of something I consider to be within the metaverse is anything related to personal sovereignty. As I believe the metaverse will push us towards greater control and responsibility over our own lives (despite technophobes professing the opposite will happen).

Besides investment, I run a social media network totalling 1.5m+ followers, with multiple pages in the metaverse space, it is likely the marketing I can offer you will be in the value of \$x,xxx - \$xx,xxx.

Don't waste my time trying to con me out my money, it won't work.

I look forward to helping build the metaverse with you.

Send me a convo with your pitch and we can go from there.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
