The 12 month looks good. But I will wait once there are vouchers from here. These are keys, I would assume?

Add me on discord, I got vouches on other forums and DM.

It doesn't mean anything to me that you have vouches on a different platform. I'm focused on HF and HF only.

I'm being honest, vouches on other platform don't have any worth here.
Simply because we also have to verify that the platform you got the vouches on is legit and also the vouches are legit.

That's why it's recommended to give away a vouch copy here on HF to an upgraded/respected member.
