Thread: [Earn BTC passively with 1 TH/s cloud mining. No Investment Needed.](#)

**djdew2021** - December 29, 2021, 6:53 am

I want to share a free completely auto pilot bitcoin cloud mining website that gives you 1 TH/s hash power for free with a minimum payout at around \$2.50 worth of btc.

You can either withdraw your profits direct to coinbase ect, are use them to purchase more hash power for bigger profits.

Very good website with potential to scale your profits.

To get started Link is included in the below document are reply to this thread and I will PM you when i am available.

Thanks for reading and happy earning.[attachment=433]

I have been using this site for about a week. Have the minimum withdrawl but they now say I need to purchase 4TH/s or refer enough people to unlock withdrawls

Sounds like a scam tbh. Pay us or get more people that can maybe pay us and we will give you the minimum withdrawal.
