Thread: [\[\\$7.99\] PASSIVE CRYPTO INCOME >> EARN \\$20 - \\$200/DAY <<](#)

Sportsbetting - January 2, 2022, 5:53 am

Let's cut the bullshit. No fancy thread design, no clickbait images, or false misleading titles. I have stumbled across methods that I've been using to earn passive crypto, for the rest of my life by essentially doing nothing...

I have distributed some of my methods for free across the HF community, and have helped more than 30+ members earn crypto by trading some of their time.

I feel it is right to compile everything I have learned into one, easy-to-read document which guides you step by step on how to actively earn.

Purchasing this ebook will come with lifetime support on helping you earn across all the different methods, training you in earning even more passively via promoting your affiliate links to earn a monthly payment, forever.

This is money coming from absolutely nothing, and I am only asking \$7.99, forever. This fee helps fund my projects and ideas, in turn maximizing the quality I can provide for this community.

I will offer a full refund service if you don't earn at least \$10 in the first week, realistically \$10 can be earned in minutes with my methods.

On a final note, no fancy bullshit - only direct and straight to the point.

I am willing to provide 2x vouch copies to trusted members who are willing to test the methods and write an accurate review for my sales page.

Please start a contract with me if intersted.

Will take a vouch copy, thanks In advance.

flyingsduck - January 2, 2022, 6:36 am

10\$ seems like a small claim but for 7.99 reasonable.
would grab a vouch copy and have a look.

Popac89 - January 2, 2022, 6:57 am

How much do I need to invest to get profit? Does this method have something with trading crypto?

You don't need to invest a single dollar besides your time. This has nothing to do with the physical act of trading cryptos.

Doing my best to try and get customers who purchased, to give feedback after testing the methods.

Thank you for going through my history and figuring out the methods indeed are legitimate, I have just added them to this paid ebook which involves even more methods, plus the 3 methods which will be added + sent to all previous/future buyers. :)

I have helped 50+ members for free and can provide proof of this if required, but I don't think is necessary - I'm just trying to also provide for myself, by delivering a product at such an affordable price, the content would have to be worth it, if not more.

I believe it is worth more, and the money spent on the eBook can be made back in an hour give or take, depending on your time, efficiency, workload etc.

The contract I will now accept and provide payment info, so it would be great if you could leave a review after receiving the method, and applying the methods also @"Camael"

To everyone who has initiated a contract I will be responding to all of them now, as I am back from vacation!

Thank you guys

As someone who was only interested in the passive income part of this, it wasn't for me. The passive methods require either a very large investment of money or building an active referral base on certain websites to make anywhere near the minimum \$20 a day passively. The guide doesn't go too in depth in my opinion on how to build that referral base but to give some credit to OP he does offer to make himself available to ask him questions and for help so I'd imagine he would go into more detail if you reached out, I personally didn't. There is methods in there that require work but it's things like surveys, taking quizzes and things like this and I don't enjoy that kind of work so I didn't try them out. I'm sure some people will get some use out of it, but just isn't for me.

Thanks for the honest review mate, and even though this may discourage some users from purchasing - it is more then okay :) i'd just like to advise the community that no one is being forced to buy, but purchasing does include receiving lifetime support from me, also helping setup the methods and finding exactly what works for you.

I'm happy to have helped quite a few members for free and also to those who've supported me and purchased because they are actively earning!

Yes, some of these methods involve utilizing your time for money (which is normal), but the guaranteed and instant payout can make this a totally new stream of income that you never had in the first place :) Money that comes from thin air is always beautiful.

On a final note I'd like to advise you guys that the OP did not message me for any type of support, and although he has stated this which I truly do appreciate because I like honesty, but it is necessary to understand many members have different levels of time they are able to allocate to certain things. I'm happy to have helped many who are living on low-income and who are happy to spend their time for money they can use instantly.

For someone who's well off in life, these methods would not be for you.

But, if you are someone who loves money and is willing to spend some of their time in earning it, and spending some more of it in setting up affiliate systems (which I also provide support and assistance for), the passive income side of these methods can be killer if done correctly.

I am available, and back from vacation - so thanks to all members who bared with me while I was

away, my attention and support is ready!

PM me for more info or start a contract if you're ready to purchase!
