Basically what the title says, If someone is interested in a collab shoot me a pm.

I was only successful 2 times (got 20\$ and 50\$ in psn giftcards) looking to ramp that up to a whole different level.

Let's collab. You got discord? We'll both make the mula. I've been working with a pack and already made a good amount. Would be 5x more efficient with an actual model :D

We are sorry but we require 25 quality posts to send a PM. Any LQP (Low Quality Post) spamming

will result in a closed account. If you upgrade to L33t membership this requirement is removed.

Hi there. I've been ewhoring for more than a month now and I've established a relatively stable income through Amazon GC mostly . I have discovered a few unsaturated traffic sources and right now, I'm looking for a model to partner with for verifications/maybe live sessions (I promise a good money for that) or just a new guy to ewhoring who wants to benefit from my experience and help me to automate/scale the work.

I also have some ideas concerning Darknet which might be exploring.

Anyone interested hmu in Discord: frostwolf79#4306
or in Telegram : @alisongrant22

By the way some of the tips I can give the OP based my relatively low experience is:

+ Weed out the time wasters from the beginning. Guys who are very confident... Or guys who ask for picture after Hello ... Guys who keep asking questions from you which kinda sucks and definitely guys who look handsome or young (trust me getting a young guy to buy nudes is a bit hard/ think about other products or leave them.) Ewhoring is pretty saturated and not many people are willing to pay anything because of the so many scams. This is very important and if you have a gut feeling that someone ain't gonna buy from you just don't waste your time on them.

+ With that sad introduction, I have to tell you, there are a few people who are buys and gosh they can be gold mines. They usually are old and alone/ have some really weird fetishes. Now these people aren't usually cheap assholes who really take advantage of girls and ewhores and they pay good money to someone who chats with them and turns them on. These guys are very obedient and shy in the conversation and they usually volunteer really good information for you (like one old man sent me his bank account screenshot and told me he's gonna get paid on 20th..... he also tried so hard to get back to me after my snap account got reported for fucking CP!). I suggest that you spend your time on these people and don't really rush to take their money Instead build trust and continue working on a story that would lead to a meet up which can bring you a decent earning.

+ And last tip is look for good traffic sources. You definitely still make money for findchatfriends.com / kikfriends.co.uk and because tbh there is so many horny on this planet that will pay you money if you hook them emotionally but don't stop on that. Look for new dating apps, chatrooms, etc. where you have better potential to meet your favorite customer OLD LONELY MAN WHO HAS SPARE MONEY BUT DOESN'T HAVE PUSSY lol.

On that note, I will share more tips and maybe even systems to take your game to a whole another level.
