Thread: [\[3,000+ MONTHLY\] BECOME A TOP AMAZON SELLER TODAY! REPLACE YOUR 9-5!](#)

Prospero - January 7, 2022, 5:02 pm

5/5 Available \$1099 (payment = BTC)

AMZDS SELLER is a full on mentorship providing a step by step on how to become a full time Amazon Seller!

I will give you the tips and tricks I used to replace my job with selling on Amazon.

(THIS IS NOT THAT PROCESS WHERE YOU GO TO RETAILERS AND SCAN AND CHECK PRICES AND SPEND MONEY UPFRONT)

(YOU WILL NOT SPEND MONEY UNLESS A PRODUCT SELLS AND AT THAT POINT YOU MAKE MONEY!)

What is included -

- Starter product research list with over 100 products that have margins on amazon!
- How to find New products
- How to list products
- How to confirm shipment
- How to cancel orders without messing with your account score
- How to automate your amazon process
- ALOT MORE...

I know the entire amazon process from front to back from signing up for an seller account to cashing out your first payment to getting your account unsuspended and appealed!

Heres results from a few of my mentored students

If you have questions feel free to add me on discord I will answer anything you need!

Some people like the convenience of having someone who is already established in the industry teaching them about all the information they have compiled over the years that has been proven to be successful. It's a pain in the ass trolling through the internet filtering out what's applicable and what's not then making and learning from mistakes.

I think it's a cool service, however, with that being said it's way out of my budget and I would advise anyone that is willing to drop 1k on this to please come to some agreement to utilise a middleman service.

GLWS

EDIT: Also if you're offering a vouch mentorship, I would be more than happy to review your service. :)

thats true, but there are already many people on youtube/google that can lead you in the right direction for free.

No doubt. Again, this is simply for convenience and for one on one mentoring. If I had the funds I would purchase it simply because if there is anything I don't understand I have someone I can reach out to for guidance for my particular issue. You can't talk to a youtube video.

I understand your point of view though, however, by your logic pretty much any service is pointless because the information on how to do it is out there somewhere.

exhaust - January 7, 2022, 8:00 pm

i understand man, and i dont mean to push this even further but yes, you cant talk to a youtube video but you can talk to people on the amazon selling forums/facebook groups/discord groups. but hey, if you want to buy "one on one mentoring" for a grand, by all means be my guest

I understand where you're coming from, yes anyone can google or youtube parts of what I am providing but what the youtube videos do not provide is a 100+ product list to begin selling. You will profit before you even find your own product to list. I also give run downs on how to get out of certain situations within amazon that the youtube videos do not show you. Also the package coming with a mentorship gives you the ability to reach out and solve your problems instantly. Another factor is I teach how to make the process automated to where you no longer have to do product research but yet just list products and sit back and take profit.

Are you offering any vouch copies?

I'd be willing to offer a HIGHLY DISCOUNTED vouch copy. As the vouch copy would still be including my time, mentorshop, secrets and other sorts. If that is appealing to you then we can discuss a fair price!

DirtMC - January 8, 2022, 2:28 pm

Id like to take advantage of that vouch copy.

Let me know

thats a very very BOLD claim, dont really know how you can "sit back and make profit" gotta remember the fees etc. Amazon fees are no joke.

If you are willing to give me a vouch copy I will leave a detailed review as I have some experience

exhaust - January 23, 2022, 10:43 pm

5/5 copies..... kekw

DirtMC - January 26, 2022, 6:43 pm

Hey guys. I am that first client. He was very helpful to get me setting up my Amazon Sellers accounts, and giving me some information on where to source my items from. Once I got accepted he sent me some information to list on Amazon but I has a lot of questions before I did that so I hit him up and this was his reply and date:

Propsta — 01/15/2022

OK let me know when we can meet up to discuss some of this and maybe do a screenshare to start implementing this

Propsta — 01/15/2022

?

WhiteDownMb — 01/15/2022

Yes sorry im out of town on a conference right now

Lets arrange for Tuesday

I'm in Chicago right now

I have not heard from him since :(I do believe he will reply and help me out since he was so helpful before. But I am just in a waiting period right now.

I cant believe after this work he is trying to scam anyone so this is why I haven't opened a dispute yet.
