Interested in purchasing or providing a % of all sales for any method of resell/purchasing online (e-items) for resale/etc.. These can be things where you may not just have the time to continuously market/bump threads/follow-up with people/etc to make a \$5 profit.

Let's see what you got

For example: I sell OSRS Membership on 8+ websites which requires me to advertise/bump/maintain/build up discord servers/etc..

Could be anything & everything - I will analyze it to see if there's a market for it I can build/brand & we can talk about pricing.

Examples of things I am interested in:

- Whitehat (I am NOT interest in any blackhat/illegal/carding/etc type of things)
 - Uber Eats Discounts/50% methods/etc
 - Discord purchase for cheap
 - Spotify purchase for cheap & resale
 - Youtube purchase for cheap & resale
 - Any type of popular online game membership purchasing for cheaper for resale
- ETC.

Still interested - have a lot of messages that lack what the actual product/method/etc may be. I am not interested in purchasing/investing something if I do not know what it is exactly I am purchasing.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
