Thread: [The first slice of bread](#)

hayesh - January 15, 2022, 5:10 am

Am i the only one who never eats the first slice of bread in the loaf.Its just so unattractive. its covered in crust, oddly shaped and tastes the worst,i feel bad for it

Koyote - January 15, 2022, 5:18 am

I never used to like it as a kid, but I enjoy it as an adult now because I feel like it's the most structurally integral part. It's kept the loaf whole, kept it fresher to a degree, taken the brunt of the movement and still held up. When you use as part of a really thick and meaty sandwich, like loads of ham and mustard and whatever, it's way more satisfying because the bites are bigger and chewier. Try it, you'll never look back!

BaldCunt - January 15, 2022, 10:09 am

I think I liked it once.

But for stereo typing that part of the loaf.

I almost always skip that part.

Technically, it's called 'the scrag end'.

I thought it was the heal...

InnocentCS - January 15, 2022, 11:26 am

my grandfather would always make a sandwich with the "butts" of bread, he was a great depression child so nothing was thrown out.

flavoral - January 15, 2022, 12:03 pm

Grow up. It's just another piece of bread.

A10247 - January 15, 2022, 12:42 pm

Depends on the bread, if it's wonder bread then no, ew.

Prettykitty - January 15, 2022, 1:19 pm

The end piece is the best.. I like to eat it.. ;o

Unholy - January 15, 2022, 1:33 pm

I always do it as well, but it always irks me because it just doesn't taste right.

Carrot - January 15, 2022, 2:01 pm

its great for bacon sandwiches or cheese on toast

BooZee - January 15, 2022, 2:31 pm

As other said, it's great, it's just horrible by itself.

Spoiler ([Click to View](#)) You shall eat it prior to starving, but nothing before that.

.TEN - January 15, 2022, 2:37 pm

Try eating it lightly toasted with soup. Complete game changer.

Lrrr - January 15, 2022, 5:17 pm

A lot of people never grew up poor, and it shows

nyiam - January 15, 2022, 5:41 pm

But thats the best part, and its pretty! :o at least with my breb.

?ystem - January 15, 2022, 10:24 pm

I do eat the first and last piece of bread only when I have no other choice but to, like if I've already cooked the eggs and my rumbling tummy demands toast at any cost.

?nxy - January 16, 2022, 11:00 am

i have no idea what you're talking about my man.

BigCokJohn - January 17, 2022, 8:17 pm

The first slice of bread is the shittiest piece I just give it to my dog.

Sky - January 17, 2022, 8:30 pm

^This guy gets it. Make a nice ham and cheese sandwich or BLT. Tastes great.

Yesss! Something about the added thickness and general 'beefing' up of the sandwich just makes it taste so much better. I highly respect your sandwich choices.

Ke\$h - January 18, 2022, 4:35 am

Lol, i think I get why most people don't like it, they think its "dirty" or something coz its the first one, but I on the other hand I always eat it.

As far as I know, for many people the first slice in a loaf is like a real delicacy?

Especially smeared with fresh butter?

Mr.Cat - January 18, 2022, 10:43 am

i was like wtf is he talking about thats the best part until i realized most of you live in America. Poor

guys, you might have actually never tried real bread.

Codeofwar - January 18, 2022, 11:51 am

Yes I always avoid the top one

BlueApron - January 20, 2022, 11:02 am

Well buttered and toasted can disguise the absolute disgustingness of it lol

Chonkers - January 20, 2022, 11:05 am

I will eat it if it's the only piece available. Otherwise, I will just feed it to my dog.

Atleast he can appreciate it lol.
