Currently Ranked: Bronze 3

End Season Goal: Plat 4

Ended last season (Silver 1)

I've been gold since roughly season 4 just barely played last season!

Aiming for Plat this time around maining Zac, Akali, Corki.

Bronze 2, my goal is to enter gold, and I'm currently playing Sona.

If you ended up S1, why would you stick to such mechanical champs? Just stick to simpler champs and only one role, dodge auto-fills and you'll get it in no time.

For me, last season d2, s12 - masters. EUW

Truthfully, end o f the day I play for fun! Yes I have goals but my goals don't overpower my need to enjoy the champ I play!

My goal was challenger at some point, but I rage too fast in this game so I decided to quit lol.

I hadn't played ranked in a few years, and when I began playing last pre-season I went from S4 to G4 in 3 days after

playing qiyana which was a champion I never played before.

Good luck man! Besides champion skill, game knowledge, etc, focus and staying untitled is also an important factor in climbing.

CHALLENGER this guy says.
Cap. You're better then me.

Honestly ranked is fun I just consider it a way to watch progression.
Qiyana is interesting as fuck!

Yeah I've been listening to League music lately. :) Calming me down.

True that. Morde can go 0/10 in a lane, yet when mid-game is reached he just smashes mid/bottom if ult is up. Absolutely ridiculous

I haven't played league in forever but I'd be down to try it again, lord knows what rank I'd be.

Currently Gold 1 on an account and had a really bad loss streak in the last 24 hours. Taking a break and hoping to sleep off this bad day of league.
