Whats the price and any vouches?

Stanley - January 18, 2022, 9:49 am

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

It was tested on amadey(cant get results cuz i got removed from the TG group) and the stubs are shared but there is a small userbase so it lasts longer that most shared stubs do and the startup question i would wait for the dev to see about that
