A cake by the lake after a day with the rake

Truth - January 30, 2022, 7:21 pm

low carb cheese Cake, just because I can eat it all day without feeling guilty. Cheesecake Factory sells them

Maybe I will try a low carb pie. Anyone know where I can buy them though?

Spyware - January 31, 2022, 12:09 am

I mean, I guess this depends on if this is a euphemism.

Also Do you count Cheese cake as a cake or a pie? That is the real question.

But I think I prefer pie over cake excluding Cheesecake.

bevc - January 31, 2022, 1:09 am

Pies are more versatile - can be savoury or sweet. Cake is a one trick pony, although it is a very good trick. Love a bit of cake.

Michael - January 31, 2022, 1:17 am

That's an interesting question OP.

For me, it al depends, but in the end I'd go for cake to be honest.

Goku - January 31, 2022, 1:50 am

I love brownies which is cake I think. Also, cheesecake... But ye, apple pie is always a 10/10

r3byte - January 31, 2022, 3:14 am

Pie for me.

Cake icing tickles my throat lol.

the_chairman - January 31, 2022, 3:21 am

I like Cake but man... theres something about a Cherry Pie that gets me harder than Portland Cement. Pie crust is just A1 ?

Lyrlei - January 31, 2022, 4:07 am

I truly do want to say Cake, but most good/tasty cakes are pretty pricey, compared to just Pies.

Zexi - January 31, 2022, 4:47 am

I choose creampies over anything, any day.

Eran - February 9, 2022, 8:45 am

It really depends but overall I'm more of a pie guy. :)

blackrose_x0x0 - February 9, 2022, 6:53 pm

Never been a fan of cake, I think it's overrated. Pie on the other hand, oh man... Dutch apple pie is one of the greatest creations of all time.

Omniscient - February 9, 2022, 8:49 pm

An American Apple Pie every time. Cakes can be okay but how can you beat a pie?

Absolutely I will go for pie anyday and time my friend.

DemonAsylum - February 10, 2022, 12:43 am

Never been a big pie or cake person, but if I had to choose one I'd go with a cake so long as it's not out of a box I guess lol.

BaRaKuDA - February 10, 2022, 2:21 am

Tjm - February 11, 2022, 12:00 pm

Pie easily. Cake doesn't hold up. Pie I feel like you get way more of a selection too.

[\$(5)\$] - February 11, 2022, 5:08 pm

clytie - February 12, 2022, 6:41 am

SIM-2501407 - February 13, 2022, 2:41 pm

Unless it is an ice cream cake (without the shitty frosting), pies are better. A warm apple pie & scoop of ice cream is heavenly.

Yanix - February 14, 2022, 11:25 pm

I do love apple or egg pie so I will be voting for pie.

No Bra - March 4, 2022, 1:09 pm

Chicken (Pie) got my vote, say no to diabetes

r3byte - March 4, 2022, 1:48 pm

Is pie to most people sweet here?

I know a few.. apple pie, berry pie etc.

But for me and most in the UK a pie is more as a meal/lunch..

Steak pie, Meat n potato, Cheese n onion etc haha.. that's what my vote was for but i'd love try some more sweeet ones overtime

any suggestions?

agent - March 4, 2022, 2:00 pm
