Thread: [\[GiveAway\] \[BRAND NAME REMOVED\]-Snapchat Adds](#)

Kr0n0s - January 29, 2022, 9:51 pm

Giving Away the spot of My Little Helper into building the best bot possible for [BRAND NAME REMOVED] adds.

I'm writing a bot to 100% automate [BRAND NAME REMOVED] - Snapchat adds.

These are not only LQ description user adds, the bot will talk to some extent with the users before sharing organically the snapchat to offer an exchange of picture or whatever your method is I can implement that few lines.

I'm missing Snapchats accounts and I'm not into the snapchat creating/aging game and i'm too lazy to give a f, I only really need statistics back from You, so I decided to host a giveaway of adds. If anyone is in the game already and have Snapchat accounts ready post below.

The amount of adds is: Indefinite ?, probably more than hundreds ??, most probably in the thousands ????. I'll give a pledge of Minimum 100 adds, Min Guaranteed.

I cannot be bothered into creating the accounts and I need to create and automate the entire bot, so if You keep making accounts (Snapchats accounts and age them), I will keep testing the bot and You will keep all the adds that will come, most probably in the thousands as I'm working on a multi-threaded bot that will automate hundreds of accounts at a time.

You can have a discussion and whatever You wish, there is only 1 entry and You enter by posting any message, then a list of all users will be created and associated from 0 to x numbers and rolled on random.org

by the prices ongoing on hackforums for such a service, this is basically a thousands dollars giveaway (raw price, let alone the profit you'll have kek).

Requirements:

- 1) Post at least once in this thread,
- 2) Have ready aged Snapchats accounts to receive adds to, if I need accounts, you give accounts
- 3) Report honest statistics, how many adds, how many converts \$, other useful information that might come to Your mind.
- 4) Provide [BRAND NAME REMOVED] Pictures so they match Your snapchat and further-a-do. (2

Min+)

Rules:

Every member can participate.

Entries are calculated in the following way:

Non Group Members: Entry Multiplied by 1x.

LSZ Group Members: Entry Multiplied by 1x.

The Insiders Group Members: Entry Multiplied by 4x.

Other Groups: Entry Multiplied by 2x.

There will be only 1 Winner.

L33T and UB3Rs are Counted as "Other Groups"

If You're both a Pink LSZ Member and another group member, Your entry will be counted only as LSZ Group Member.

Good Luck have funn ?

Giveaway ends in 24h as I would like to start working on this ASAP.

if less than 10 entries in 24h, it will be extended for another 24h
