Thread: [Easy \[Adfocus\] Method With Detailed Setup](#)

Fate45 - January 30, 2022, 9:23 pm

This is by far the easiest money I have made on the internet. I included a screenshot below, to show my earning over the last 3 days, made a little just today for a few hours of doing nothing, make sure to follow the instructions to the letter in the pdf or you will FAIL and make nothing.

Try using:

Code `[img]https://www.google.ca/MyPicture.png[/img]`

`[img]YourPictureURLHere[/img]`While placing the Image URL in between both `[img]` tags.

One thing I did not add in the method when I wrote this, was the fact that # will flag you red. Therefore, you should make a fake article/website with fake traffic stats to fool # when they ask for stats.

from,

The guy who made this small guide which reached more than 200 people...lol
