Hey, I'm Lightning Fast and I have 4+ years of experience in coding.

I'm fluent in: Python, C#, Java, Go & Javascript

My previous work:

- Authentication service Website + API
- Server Software
- Encrypted Chat Apps
- Malware, Exploits & Exploit Loaders
- Stress testing API + Panels
- Fortnite & R6S Cheats
- Automated tasks + scrapers
- Tiktok + Telegram Autoclaimers & Swappers
- WhatsApp & Instagram Report Bot
- Discord Bots
- Cryptocurrency Exchange Website

Besides coding I also offer Pentesting & System Administration services.

If I can't fulfill your request, I'm always willing to learn, please don't hesitate to make a coding work request :)
