TERMS OF SERVICE ([Click to View](#)) We perfected our strategy to ensure a high success rate through our process of chatting. However, our methods still break Snapchat's TOS and there are times when we manage to get flagged and the account gets taken down. This doesn't mean much other than having to switch the traffic to another Snapchat account. However, no refunds will be eligible in case this happens.

Depending on your [BRAND NAME REMOVED] traffic, you may drive low-quality users to our chatters. Even though this rarely happened in years of experience, some users may contact their bank and report the subscription as fraud (example: their card got 'stolen' and used to buy the subscription), which means they will refund the amount from your account. Nothing bad will happen to the account, however we do not offer refunds for chargebacks. It is your duty to provide quality content and be active on the OF messenger.

A good traffic provider will ensure the accounts get enough adds from high-quality users. In case this doesn't happen, you will either be required to get better traffic or we will reserve our right to cease the partnership or put you in a low-priority queue, meaning that clients with better traffic will have more activity for our chatters. Since our payment method is a fixed rate per subscription, we cannot afford to lose time on accounts that don't generate enough income.

Every start of service will begin with a contract where the price per subscription and other terms will be mentioned. Any breakage of those terms will result in immediate cancelation of our service.

We reserve the right to cancel our services with any of our clients for any reason, including failure to confirm subscriptions, delaying payments for large amounts of time or failure to cooperate in a pleasant and business-like way.

Hello mate, I'm reputed [BRAND NAME REMOVED] traffic supplier, if you have a vouche copy in stock, I would be glad to give you a luck, so we could make a profitable partnership.

Don't miss this opportunity ;)

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
