Thread: [\[METHOD\] Earn Hundreds of Dollars Per Day With This Method](#)

milanche7395 - February 4, 2022, 11:42 am

Today I want to reveal pure whitehat method (business model) to start earning money today without any hustle.

For the start, you need investment (at least \$50), but when you earn first money on the same day, you can reinvest over and over again.

The profit of each transaction is up to 35%. Some people are making 5 figures/month with this method.

The method is simple, you can also learn more on the internet (youtube & google) and put your own twist... The possibilities are endless.

If you have any questions, leave a reply.

Good luck!

It isn't anything new, and there is a small investment to get started, but I think this method isn't talked about often and can definately generate profit.

Good Post OP

How much can you expect to make a day if you have let's say 1k to invest

Also what's a good exchange for FLP? I don't see it on binance
