To withdrawal the funds, you need to withdraw more than 100 CRO (I think).
So, no, we aren't able to withdrawal this funds unless we invest more.

Sad.

The 25\$ crypto bonus is when you buy a certain amount of CRO, I am not sure what the number is at the moment but I think it goes around 100 CRO. But while you make your first buy, you also get another reward which gets sent to your exchange wallet (I think around 15\$ worth of CRO).

Yes and no, you get rewards whenever you buy a certain amount of CRO.
