Thread: [\[BRAND NAME REMOVED\] & Snapchat Lead Generation Tools](#)

WebBots - February 8, 2022, 9:29 am

I'm offering software to generate unique [BRAND NAME REMOVED] leads on snapchat, no it's not scraping bios

you will get 2 pieces of software to run your username lists through

first software will give you a list of valid [BRAND NAME REMOVED] usernames
second one will give you a list of valid snapchats related to the first list

both are multi threaded and have proxy support

price: \$250 for lifetime license

yes it sounds like a lot but you can end up with thousands of unique leads daily, if you don't know how to profit from that then this probably isn't for you

guys i'm selling software to help you get leads, i'm not selling leads and/or snap adds

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

you load a list of usernames(not provided, you need your own data) click start and it will tell you which names have valid [BRAND NAME REMOVED] and snapchat accounts
